

## What's In What's Out

The blips and bloopers on our style radar screen

Pink

### OUT

### IN

**Up on Top**  
Brightly dyed dos no longer seem so surprising or outrageous.

#### Pink Hair

**Down Below**  
But applying a vivid hue here is sure to shock.

SpongeBob SquarePants

**On You**  
Putting temporary ink on skin is a poser's move.

#### Fake Tattoos

**On Your Tech**  
Show your edge with a laser-etched Motorola RAZR designed by Miami Ink's Ami James instead.

**Cartoon Characters**  
If you're older than 6, how many cheap drive-through doodads do you need?

#### Movie Tie-Ins

**Character Couture**  
But high-end Marie Antoinette accessories make perfect sense.

- Cherry Chau headband, \$165; [macys.com](http://macys.com)

Kirsten Dunst as Marie Antoinette

**Just for Teeth**  
They aren't the only thing that's yellowing these days.

#### Whitening Toothpaste

**For Fingertips Too**  
Black polish can also leave nails stained. Scrubbing with the paste buffs and removes discolorations so they're like new.

Hilary Duff

**Going Full Bottle**  
Popping the cork on 750ml of vino is a waste when all you want is a taste.

#### Drinking Wine

**One Sip at a Time**  
Pull the tab on a single-serving pouch or box instead.

- Wine Cube, \$7.99 for a four-pack; Target stores nationwide

Carmen Electra

**In-Store Makeup Lessons**  
Who can remember the tutorial you got at the counter?

#### Beauty Directions

**How-To Podcasts**  
Companies like Chanel now let you download step-by-step instructions from their sites to your portable player.
